

A concentrated equity portfolio of 15 U.S. stocks based on the 13F filings (a quarterly report filed by investment managers to the SEC that discloses their U.S. stock holdings) of selected hedge funds that have been screened on a variety of factors.

INVESTMENT PROCESS

Initial list of **concentrated, low-turnover** hedge fund managers

Screen list based on each manager's level of focus on **US companies, 13F filing history, AUM growth, ISA availability, and average number of holdings** over time

Aggregate holdings of **selected managers** into a single portfolio

Select **15 top-weighted stocks** for final portfolio

Portfolio holdings updated every 3 months as new 13Fs are filed (in mid-Feb, May, Aug, and Nov of each year)
